

Our Current Block of the Month

This is a scrappy project we all can do.

Sew any twenty five 2 1/2" squares together to form a 5 row (5 squares in each row) block. Using a 1/4" seam allowance, your block should finish at 10 1/2" square. The scrappier the better.

This was inspired by a pattern that was posted on the Scrap Quilt Enthusiast Facebook page (screenshot attached). I'll raid Wendy's quilt cupboard stash for the material for the black/white block.

Bring your finished scrappy block to the June picnic. Please make 2 or 3 if you'd like!
